

MILLENNIUM WATER

Millennium Water: Photo Sheet

Millennium Properties is working with the City of Vancouver to develop the first phase of Southeast False Creek (SEFC) that will be home to Vancouver's last remaining waterfront community, Millennium Water, and the Olympic Village during the 2010 Winter Olympics.

Southwest view: Millennium Water will establish a new standard for sustainable development in Canada and North America, with green buildings that use less energy, are based on renewable resources and help protect our environment for future generations.

North view: Millennium Water will be Vancouver's newest and most exciting waterfront neighbourhood, it will be a place where people will want to live, work and play. The master plan for the sustainable community provides a unique opportunity to develop an urban centre for residential, commercial and public use.
