

SGRI and SmartLIFE presents

Open International Green Roof Research Seminar at Augustenborg Botanical Roof Garden.

The seminar will focus on green roof policies, green roofs in urban planning, and strategies for increasing the use of vegetated roofs. At this seminar, researchers and practitioners from North America, Germany and Switzerland will talk of their respective experience from the Green Roof field together with Swedish researchers reporting on their work at Augustenborg Botanical Roof Garden.

You will get a unique opportunity to meet and discuss green roof incentives and policies in an extended discussion panel with experts in their fields.

Time:

9.00 – 15.00 Friday 21th of October 2005

Location:

Ystadvägen 56, Malmö, Sweden.

Cost:

300 SEK per person. Lunch and coffee or tea is included.

Members of Scandinavian Green Roof Association free admission.

Booking:

Please book no later than the 13th of October if you plan to attend the seminar.

Contact Louise Lundberg, SGRI, at +46 40-94 85 20 or fax +46 40 92 83 45 or info@greenroof.se for bookings and questions.

Welcome!

Louise Lundberg and Pär Söderblom
Scandinavian Green Roof Institute
