

Want to save money and increase your property value?

Join the AIA Houston Committee on the Environment and Jennifer Appel for a 2-part Green Roof Workshop

First Session: Monday, Aug. 1, 2005 ■ 4 - 8 pm

Second Session: Monday, Aug. 8, 2005 ■ 4 - 8 pm

In these two sessions you'll learn the ins and outs of custom Green Roof Systems for Houston's climate from professionals in every discipline (environmental, architects, owners, and engineers). We will cover everything from roofing supply through installation, landscaping and horticulture, green roof supply and installation.

First Session

Historic Humble Oil Marriott
914 Dallas Street ■ Houston, TX 77002

Focus:

- Basic components
- Holistic approach to design (new and retrofit situations)

Second Session

Greenbriar Green Roof
7777 Greenbriar ■ Houston, TX 77098

Focus:

- Lessons learned
- Important details

For more information or to register for the event, visit the Houston Chapter of the American Institute of Architects at <http://www.aiahouston.org>. Go to the CE Signup icon.

The price is \$150 and \$25 for AIA interns.
